Peekskill City School District

Dear Potential Peekskill City School District Volunteer,

Thank you for your interest in joining our team. I once read that volunteers do not necessarily have the time, but they do have the heart! We at the Peekskill City School District appreciate your generous gift of time and attention. We thank you for helping our children grow as learners. Volunteers are truly one of a school’s most precious resources.

As with most things in life, there is some paperwork to get started. Please note that the following information is as much for your safety as it is for the safety of our students. Most of the wording contained in these forms is required specifically by law, so please let us know if anything appears unclear or confusing.

Once again, we thank you for making time for our students. I look forward to seeing you at our schools!

Sincerely,

David Mauricio, Ed.D.
Superintendent of Schools

SCHOOL VOLUNTEERS

The Board of Education recognizes that the use of volunteers strengthens school/community relations through positive participation, builds an understanding of school programs among interested citizens, and can assist district employees in providing more individualized and enriched opportunities in instruction. The Board encourages volunteers from all backgrounds and age groups who are willing to share their time, training, experience or personal characteristics to benefit the students of the district.

Volunteers are prohibited from conducting any activity that requires state certification if they do not meet the state mandated requirements. School personnel who are responsible for tasks or projects that involve the use of volunteers shall identify appropriate tasks and time schedules for such volunteer activities, as well as make provisions for adequate supervision and evaluation.

In instances where agencies have a formal agreement with the board, volunteers shall be allowed, under direct supervision of a district employee, to offer demonstration lessons or special events.

Volunteers shall not be used to provide transportation for school-sponsored activities or to deliver instructional programs, nor shall they be permitted to have unsupervised direct contact with students.

Persons wishing to volunteer under the conditions described above must contact the Superintendent or Building Principal or other individual designated by the Superintendent or Building Principal and must complete a volunteer application form. The application form shall require the volunteer applicant to disclose any criminal convictions. The application form shall also require the applicant to identify two non-family member personal references. Volunteers must complete a full background check and be approved by the Board of Education before rendering services. Occasional or one-time volunteers or presenters, such as but not limited to, those who provide artistic performances, oral reading sessions, and mentor/tutor relationships shall not be required to complete full background checks but must be directly supervised by a P CSD teacher or administrator and adhere to standard building protocol and volunteer procedures. The Superintendent or Building Principal shall be responsible for ensuring that both references are contacted before the volunteer begins rendering volunteer services to verify that the individual is of good moral character.

The district shall retain a complete record of all information obtained through the application process for the same period of time it retains information regarding district employees. Each Building Principal shall be responsible for maintaining a current and complete list of all active volunteers and their assignments.

All volunteers are required to act in accordance with district policies, regulations and school rules. Any staff member who supervises volunteers may ask any volunteer who violates district policies, regulations or school rules to leave school grounds.

DIGNITY FOR ALL STUDENTS ACT

The Board of Education is committed to providing an educational environment that promotes respect, dignity and equality. The Board recognizes that discrimination, harassment, hazing and bullying, are detrimental to student learning and achievement. These behaviors interfere with the mission of the district to educate its students and disrupt the operation of the schools. Such behavior affects not only the students who are its targets but also those individuals who participate and witness such acts.

To this end, the Board condemns and strictly prohibits all forms of discrimination, harassment, hazing and bullying on school property, school buses and at all school-sponsored activities, programs and events. Discrimination, harassment, hazing or bullying that takes place at locations outside of school grounds, such as cyberbullying, which creates or can be reasonably expected to create a material and substantial interference with the requirements of appropriate discipline in the operation of the school or impinge on the rights of other students are prohibited, and may be subject to disciplinary consequences.

Definitions

Bullying
Bullying, under the amended Dignity for All Students Act, has the same meaning as harassment (see below). The accompanying regulation provides more guidance regarding the definition and characteristics of bullying to help the school community recognize the behavior.

Cyberbullying
Cyberbullying is defined as harassment (see below) through any form of electronic communication.

Discrimination
Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as enumerated in the Definitions section, under Harassment, below).

Hazing
Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

Harassment
Harassment has been defined in various ways in federal and state law and regulation. The Board recognizes that these definitions are important standards,
but the Board’s goal is to prevent misbehavior from escalating in order to promote a positive school environment and to limit liability. The Dignity for All Students Act (§§10-18 of Education Law) defines harassment as the creation of a hostile environment by conduct or by threats, intimidation or abuse, including cyberbullying, that (a) has or would have the effect of unreasonably and substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical well-being; (b) reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety; (c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student; or (d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. The harassing behavior may be based on any characteristic, including but not limited to a person’s actual or perceived:

- race,
- color,
- weight,
- national origin,
- ethnic group,
- religion,
- religious practice,
- disability,
- sex,
- sexual orientation, or
- gender (including gender identity and expression).

For the purpose of this definition the term “threats, intimidation or abuse” shall include verbal and non-verbal actions.

In some instances, bullying or harassment may constitute a violation of an individual’s civil rights. The district is mindful of its responsibilities under the law and in accordance with district policy regarding civil rights protections.

In order to streamline the wording of this policy and regulation the term bullying will be used throughout to encompass harassment, intimidation, cyberbullying and hazing behaviors.

**Prevention**

The school setting provides an opportunity to teach children, and emphasize among staff, that cooperation with and respect for others is a key district value. A program geared to prevention is designed to not only decrease incidents of bullying but to help students build more supportive relationships with one another by integrating the bullying prevention program into classroom instruction. Staff members and students will be sensitized, through district-wide professional development and instruction, to the warning signs of bullying, as
well as to their responsibility to become actively involved in the prevention of bullying before overt acts occur.

Curricular material that raises awareness and sensitivity to discrimination or harassment and civil rights in the relationships of people of different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, sexes or gender expression or identities will be included in the instructional program K-12.

In order to implement this program the Board will designate at its annual organizational meeting a Dignity Act Coordinator (DAC) for each school in the district. One of the DAC's will be designated as the district-wide coordinator whose responsibilities are described in the accompanying regulation. The role of each DAC is to oversee implementation of this policy in the school to which they are assigned.

**Intervention**

Intervention by adults and bystanders is an important step in preventing escalation and resolving issues at the earliest stages. Intervention will emphasize education and skill-building.

Successful intervention may involve mediation. Mediation responses to bullying include measures designed to correct the problem behavior, prevent another occurrence of the behavior and protect the target. Mediation may be targeted to the individual(s) involved in the bullying behavior or environmental approaches which are targeted to the school or district as a whole.

In addition, intervention will focus upon the safety of the target. Staff is expected, when aware of bullying, to report it in accordance with this policy, refer the student to designated resources for assistance, or to intervene in accordance with this policy and regulation.

**Incident Reporting and Investigation**

Although it can be difficult to step forward, the district can't effectively address bullying if incidents are not reported. Students who have been bullied, parents whose children have been bullied or other students who observe bullying behavior are encouraged and expected to make a verbal and/or written complaint to any school personnel in accordance with the training and guidelines provided. Staff who observe or learn of incident(s) of bullying are required, to make an oral report to the Dignity Act Coordinator within one school day and to fill out the district reporting form within two school days. If a staff person is unsure of the reporting procedure, he/she is expected to inquire about how to proceed by speaking with his/her supervisor. A district employee may be deemed to have permitted unlawful discrimination, harassment or bullying if he/she fails to report an observed incident, whether or not the target complains.
An equitable and thorough investigation will be carried out by the Dignity Act Coordinator in accordance with the accompanying regulation. Verified bullying incidents that meet the criteria established by the state will be included in the statewide reporting system when applicable, in accordance with law and regulation.

The Board will receive the annual VADI R report, as well as any other state-required report relevant to bullying and/or school climate, for each building and for the district as a whole. Based on the review of the data, the Board may consider further action, including but not limited to modification of this policy and additional training.

**Disciplinary Consequences/Remediation**

While the focus of this policy is on prevention, acts of bullying may still occur. In these cases, offenders will be given the clear message that their actions are wrong and the behavior must improve. Student offenders will receive in-school guidance in making positive choices in their relationships with others. If appropriate, disciplinary action that is measured, balanced and age-appropriate will be taken by the administration in accordance with the district’s Code of Conduct, as applicable. If the behavior rises to the level of criminal activity, law enforcement will be contacted.

Consequences for a student who commits an act of bullying shall be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student’s history of problem behaviors, and must be consistent with the district’s Code of Conduct.

**Non-Retaliation**

All complainants and those who participate in the investigation of a complaint in conformity with state law and district policies, who have acted reasonably and in good faith, have the right to be free from retaliation of any kind.

**Training**

The Board recognizes that in order to implement an effective bullying prevention and intervention program, professional development is needed. The District will incorporate training to support this program. Training opportunities will be provided for all staff as necessary. In addition, the DACs will be trained in accordance with state requirements and will continue their professional development so as to successfully support this policy and program.

**Dissemination, Monitoring and Review**

This policy, or a plain language summary, shall be published in student registration materials, student, parent and employee handbooks, and posted on the
district's website. A bullying complaint form will be available on the district's website. The district will ensure that the process of reporting bullying is clearly explained to students, staff and parents on an annual basis.

DIGNITY FOR ALL STUDENTS ACT REGULATION

The Board condemns and strictly prohibits all forms of discrimination and harassment, including but not limited to, hazing, intimidation and bullying on school grounds, school buses and at all school-sponsored activities, programs and events.

**Definitions**

**Bullying**

Bullying includes systematic and intentional infliction of physical harm or psychological distress on an individual or group of individuals. Bullying can also encompass unwanted purposeful written, verbal, non-verbal, social or relational, or physical behavior (e.g. threatening, insulting or dehumanizing gestures by an adult or student) that has the potential to create long term damage, cause discomfort or humiliation, or unreasonably interfere with the individual’s school performance. Bullying is often characterized by an imbalance of power. Unwanted teasing, touching, threatening, intimidating, stalking, cyber-stalking, cyber-bullying, physical violence, theft, sexual, religious, or racial harassment, public humiliation, destruction of school or personal property, social exclusion including incitement and/or coercion, and rumor or spreading of falsehoods are also forms of bullying.

**Discrimination**

Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as listed under Harassment as defined below).

**Harassment**

Harassment has been defined in various ways in federal and state law (including the penal law) and regulation. The Board recognizes that these definitions are important standards, but the Board’s goal is to prevent behaviors from escalating to violations of law and, instead, to promote a positive school environment and limit liability. The Dignity for All Students Act (§§10-18 of Education Law) defines harassment as the creation of a hostile environment by conduct or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical well-being; or conduct, verbal threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause a student to fear for his or her physical
safety. The harassing behavior may be based on any characteristic, including but not limited to a person’s actual or perceived:

- race,
- color,
- weight,
- national origin,
- ethnic group,
- religion,
- religious practice,
- disability,
- sex,
- sexual orientation, or
- gender (including gender identity and expression).
  - Gender identity is one’s self-conception as being male or female, as distinguished from actual biological sex or sex assigned at birth.
  - Gender expression is the manner in which a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice or mannerisms.

**Hazing**

Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

**Prevention**

Prevention is the cornerstone of the district’s effort to address bullying, harassment and discrimination. The components of such an effort involve the following:

- Learning about and identifying the early warning signs and precursor behaviors that may lead to bullying, harassment or discrimination.
- Gathering information about bullying, harassment or discrimination at school directly from students (through surveys and other mechanisms), analyzing and using the data gathered to assist in decision-making about programming and resource allocation.
- Establishing clear school wide and classroom rules about bullying, harassment and discrimination consistent with the district’s code of conduct.
• Training adults in the school community to respond sensitively and consistently to bullying, harassment and discrimination.
• Raising awareness among adults, through training, of the school experiences of marginalized student populations (as enumerated in the Definitions section above), social stigma in the school environment, gender norms in the school environment, and strategies for disrupting bullying, intimidation, discrimination, harassment or other forms of violence.
• Providing adequate supervision, particularly in less structured areas such as in the hallways, cafeteria, school bus and playground.
• Raising parental awareness and involvement in the prevention program and in addressing problems.
• Using educational opportunities or curriculum, including, if applicable, the Individual Educational Program (IEP), to address the underlying causes and impact of bullying, harassment or discrimination.

Role of the Dignity Act Coordinator

The Board of Education will annually designate a Districtwide staff member and at least one building-level staff member at every school building, who has been thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (including gender identity and expression), and sex, as the Dignity Act Coordinator (DAC), accountable for implementation of this policy. The Districtwide DAC will be responsible for coordinating and enforcing this policy and regulation in each school building, including but not limited to coordination of:

• the work of the building-level DAC and committees;
• professional development for staff members and,
• the complaint process, and management of the Dignity Act’s civility curriculum components.

Reporting and Investigation

In order for the Board to effectively enforce this policy and to take prompt corrective measures, it is essential that all targets and persons with knowledge of bullying, harassment or discrimination report such behavior immediately. Any student who believes that he or she has been the victim of discrimination, harassment, and/or bullying or any student with the knowledge of any other student that has been the victim of discrimination, harassment, and/or bullying must immediately report such conduct to the Dignity Act Coordinator, Principal, or any other staff member. Incidents of discrimination, harassment, and/or bullying that are either reported or witnessed by any staff member must be
referred to the Dignity Act Coordinator in the respective school building as soon as possible after the incident. The district will also make a bullying, harassment or discrimination complaint form available on its website to facilitate reporting. The district will collect relevant data from written and verbal complaints to allow reporting to the Board on an annual basis.

The district will promptly and equitably investigate all complaints, formal or informal, verbal or written. To the extent possible, all complaints will be treated in a confidential manner, although limited disclosure may be necessary to complete a thorough investigation.

In order to assist investigators, individuals should document the bullying, harassment or discrimination as soon as it occurs and with as much detail as possible including: the nature of the incident(s); dates, times, places it has occurred; name of perpetrator(s); witnesses to the incident(s); and the target's response to the incident.

If, after appropriate investigation, the district finds that a student, an employee or a third party has violated this policy, prompt corrective and possibly disciplinary action will be taken in accordance with the code of conduct, applicable collective bargaining agreement, district policy and state law. If the reported behavior constitutes a civil rights violation, the complaint procedure associated with that policy will be followed, as applicable. If either of the parties disagrees with the findings of the initial investigation, an appeal may be made to the Superintendent in accordance with the process described below.

Confidentiality

It is district policy to respect the privacy of all parties and witnesses to bullying, harassment or discrimination. To the extent possible, the district will not release the details of a complaint or the identity of the complainant or the individual(s) against whom the complaint is filed to any third parties who do not need to know such information. However, because an individual's desire for confidentiality must be balanced with the district's legal obligation to provide due process to the accused, to conduct a prompt and thorough investigation, and/or to take necessary action to resolve the complaint, the district retains the right to disclose the identity of parties and witnesses to complaints in appropriate circumstances to individuals with a need to know. The staff member responsible for investigating complaints will discuss confidentiality standards and concerns with all complainants.

If a complainant requests that his/her name not be revealed to the individual(s) against whom a complaint is filed, the staff member responsible for conducting the investigation shall inform the complainant that:
1. the request may limit the district's ability to respond to his/her complaint;
2. district policy and federal law prohibit retaliation against complainants and witnesses;
3. the district will attempt to prevent any retaliation; and
4. the district will take strong responsive action if retaliation occurs.

If the complainant still requests confidentiality after being given the notice above, the investigator will take all reasonable steps to investigate and respond to the complaint consistent with the request as long as doing so does not preclude the district from responding effectively to the bullying, harassment or discrimination and preventing the bullying, harassment or discrimination of other students.

**Investigation and Resolution Procedure**

A. Initial (Building-level) Procedure

Whenever a complaint of bullying, harassment or discrimination is received by the Dignity Act Coordinator, an investigation will be promptly conducted, as set forth in more detail below. The Dignity Act Coordinator shall make all reasonable efforts to resolve complaints informally at the school level. The goal of informal procedures is to end the bullying, harassment or discrimination and to prevent future incidents, ensure the safety of the target and obtain a prompt and equitable resolution to a complaint.

As soon as possible, but not later than three working days following receipt of a complaint, the Dignity Act Coordinator should begin an investigation of the complaint by:

- Reviewing any written documentation provided by the target(s).
- Conducting separate interviews of the target(s), alleged perpetrator(s), and witnesses, if any, and documenting the conversations.
- Providing the alleged perpetrator(s) a chance to respond and notify him/her that if objectionable behavior has occurred, it must cease immediately. The individual will be made aware of remediation opportunities as well as potential disciplinary consequences.

The district recognizes that there is a need to balance accommodations which enhance student safety against the potential to further stigmatize the targeted student. Therefore, each case will be handled individually, and the student, parent/guardian, and school administration will collaborate to establish safety provisions that best meet the needs of the targeted student. Follow-up discussion and/or meetings will be scheduled, as needed, to ensure that safety concerns have
been adequately addressed and to determine when and if accommodations need to be changed or discontinued.

Parents of student targets and accused students should be notified within one school day of allegations that are serious or involve repeated conduct.

Where appropriate, informal methods may be used to resolve the complaint, including but not limited to:

a. discussion with the accused, informing him or her of the district's policies and indicating that the behavior must stop;
b. suggesting counseling, skill building activities and/or sensitivity training;
c. conducting training for the department or school in which the behavior occurred, calling attention to the consequences of engaging in such behavior;
d. requesting a letter of apology to the target;
e. writing letters of caution or reprimand; and/or
f. separating the parties.

Appropriate disciplinary action shall be recommended and imposed in accordance with district policy, the applicable collective bargaining agreement or state law. School districts should make every effort to attempt to first resolve the misconduct through non-punitive measures.

The Dignity Act Coordinator shall report back to both the target and the accused, within one week notifying them in writing, and also in person, as appropriate, regarding the outcome of the investigation and the action taken to resolve the complaint, in compliance with the Family Educational Rights and Privacy Act (FERPA). The actions taken will be in conformance with the Remediation/Discipline/Penalties section of this regulation. The target shall report immediately if the objectionable behavior occurs again or if the alleged perpetrator retaliates against him/her.

If a report includes or the investigation results in allegations of serious or extreme bullying, a civil rights violation, or a criminal activity, the complaint shall be referred promptly to the Superintendent who shall then contact any appropriate agencies including child protection or law enforcement, as appropriate.

Any party who is not satisfied with the outcome of the initial investigation may request a district-level investigation by submitting a written complaint to the Superintendent within 30 calendar days of the Dignity Act Coordinator’s written decision.
B. District-level Procedure

The Superintendent or his/her designee shall promptly investigate and equitably resolve all bullying, harassment or discrimination complaints that are referred to him/her, as well as those appealed to the Superintendent following an initial investigation. In the event the complaint involves the Superintendent, the complaint shall be filed with or referred to the Board President, who shall refer the complaint to an appropriate independent individual for investigation.

The district level investigation should begin as soon as possible, but not later than three working days following receipt of the complaint by the Superintendent or Board President.

In conducting the formal district level investigation, the district will endeavor to use individuals who have received formal training regarding such investigations or that have previous experience investigating such complaints.

If a district level investigation results in a determination that bullying, harassment or discrimination did occur, prompt corrective action will be taken to end the misbehavior in accordance with the Remediation/Discipline/Penalties section of this regulation.

No later than 30 calendar days following receipt of the complaint, the Superintendent (or in cases involving the Superintendent, the Board-appointed investigator) will notify the target and alleged perpetrator, in writing, of the outcome of the investigation, in compliance with FERPA. If additional time is needed to complete the investigation or take appropriate action, the Superintendent or Board-appointed investigator will provide all parties with a written status report within 30 days following receipt of the complaint.

Any party who is not satisfied with the outcome of the district-level investigation may appeal to the Board of Education by submitting a written request to the Board President within 30 calendar days of receiving the district-level decision.

C. Board-level Procedure

When a request for review by the Board has been made, the Superintendent shall submit all written statements and other materials concerning the case to the President of the Board.

The District Clerk shall notify the complainant of the date on which the Board will review the matter in executive session.
The Board shall inform the complainant in writing of the Board’s determination of whether to grant or deny the appeal. Such notice shall be provided no later than five (5) business days after the matter is reviewed in executive session.

The district shall retain documentation associated with complaints and investigations in accordance with Schedule ED-1.

**Retaliation Prohibited**

Any act of retaliation against any person who opposes bullying, harassing or discriminatory behavior, or who has filed a complaint, is prohibited and illegal, and therefore subject to disciplinary action. Likewise, retaliation against any person who has testified assisted, or participated in any manner in an investigation, proceeding, or hearing of a bullying, harassment or discrimination complaint is prohibited. For purposes of this policy, retaliation includes but is not limited to: verbal or physical threats, intimidation, ridicule, bribes, destruction of property, spreading rumors, stalking, harassing phone calls, and any other form of harassment. Any person who retaliates is subject to immediate disciplinary action up to and including suspension or termination.

**Students:** Discipline may range from a reprimand up to and including suspension from school, to be imposed consistent with the Code of Conduct and applicable law.

**Employees:** Discipline may range from a warning up to and including termination, to be imposed consistent with all applicable contractual and statutory rights.

**Volunteers:** Penalties may range from a warning up to and including loss of volunteer assignment.

poster summarizing the policy shall also be posted in a prominent location at each school.

All employees shall receive information about this policy and regulation at least once a year.

Principals in each school shall be responsible for informing students and staff on a yearly basis of the terms of this policy, including the procedures for filing a complaint and information about the impact of bullying, harassment or discrimination on the target and bystanders.

Training

Training needs in support of this bullying, harassment and discrimination prevention and intervention program will be reflected in the district’s annual professional development plan, new teacher orientation, in curriculum and will be considered in the budget process. The Dignity Act Coordinator, administrative employees and other staff, such as counselors or social workers who have specific responsibilities for investigating and/or resolving complaints of bullying, harassment or discrimination shall receive yearly training to support implementation of this policy, regulation and on related legal developments.
