## From Mrs. Rodriguez

March 13, 2020

Dear Families,

The packet we have shared with you provides an outline of activities and resources for you to do on a daily basis with your child. We have thoughtfully provided areas for continued discovery and practice in every content area. We have also provided websites and links to some of our favorite books that can be accessed on your computer or phone to support the learning from home. Please remember that we will be continuously updating our webpage to provide additional information and resources. Please see the Woodside Page – Principal’s Corner for more information on how to support your child from home.

These are extraordinary times. Please be assured that we are committed to supporting our community. While the students may not have the consistency of their daily classroom we can partner together to create a consistent framework for learning that will help support continued learning and provide a sense of normalcy. Thank you for your support.

Sincerely,

Rebecca Avíles Rodriguez  
Principal

---

13 de marzo de 2020

Queridas familias,

El paquete que hemos compartido con usted proporciona un resumen de las actividades y recursos que se puede realizar diariamente con su hijo. Hemos proveído cuidadosamente áreas para el descubrimiento y la práctica continua en cada área de contenido. También hemos proveído sitios de web y enlaces a algunos de nuestros libros favoritos a los que puede llegar desde su computadora o teléfono para apoyar el aprendizaje desde su hogar. Recuerde que reemplazaremos continuamente nuestra página de web para proporcionar información y recursos adicionales. Consulte la página de Woodside - Rincón de la Directora para obtener más información sobre cómo apoyar a su hijo desde casa.

Estos son tiempos extraordinarios. Por favor tenga la seguridad de que estamos comprometidos a apoyar a nuestra comunidad. En cuanto los estudiantes no tengan la consistencia de su clase diaria, podemos crear rutinas coherentes para el aprendizaje continuo para proveer una sensación de normalidad. El aprendizaje es un viaje que nos puede llevar a través de diferentes etapas de descubrimiento. Aprovechemos cada día como una oportunidad para aprender, discutir ideas, contar historias y, lo más importante, abrazar todos los días como un regalo.

Sinceramente,

Rebecca Avíles Rodriguez  
Directora

## Tools for Solving and Checking Hard words

### Try Something!

### Check It!

Think about what's happening.

Check the Picture.

Does that make SENSE?

Think what kind of word would fit.

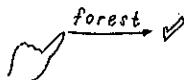

Get a running start.

Does that SOUND right?

Do a s-l-o-w check!

Crash the parts together.

Does that LOOK right?

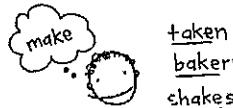

Read it part by part.

Try it many ways.

Use a word you know.

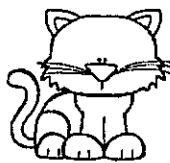

Check if it's a snap word.

# Woodside News! Staying Sharp!

## Math 1<sup>st</sup> Grade

Day 1 – Fill in the hundred chart. Completar una tabla de 100.

Day 2 – Complete 1's addition and subtraction sheet. Completar sumas y restas del número 1.

Day 3- Complete 2's addition and subtraction sheet. Completar sumas y restas del número 2.

Day 4: Complete 3's addition and subtraction sheet. Completar sumas y restas del número 3.

Day 5: Complete 4's addition and subtraction sheet. Completar sumas y restas del número 4.

Day 6: Complete 5's addition and subtraction sheet. Completar sumas y restas del numero 5.

Day 7: Complete 6's addition and subtraction sheet. Completar sumas y restas del número 6.

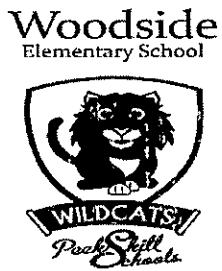

Day 8: Complete 7's addition and subtraction sheet. Completar sumas y restas del número 7.

Day 9: Complete 8's addition and subtraction sheet. Completar sumas y restas del número 8.

Day 10: Complete 9's addition and subtraction sheet. Completar sumas y restas del número 9.

Day 11 - Complete 10's addition and subtraction sheet. Completar sumas y restas del número 10.

Day 12 – Complete greater than, less than, or equal to sheet. Completar mayor que, menos que, igual que hoja.

# Woodside News! Staying Sharp!

Please choose 2 of these activities to do daily.

- Count up to 100.
- Count by 2's to 100.
- Count by 5's to 100.
- Count by 10's to 100.
- Count by 20's to 100.
- Play a collaborative number game! Identify a number that is one more/one less and ten more/ten less than a number given by a family member or friend.
- Draw a number line and count on and back from a given number.
- Play an addition game to practice adding. Collect a small pile of objects (cereal, pennies, toys, etc.). Split the objects into three groups. Say or write an equation to represent the groupings of objects. For example, "I have 16 beans. I can split the beans into groups of 5, 7, and 4. So,  $5+7+4=16$ ." Put the piles back together and split the objects again in a different way. Repeat until all possible combinations are found.
- Create and solve addition and subtraction word problems about personal interests or everyday life. For example, "I had 8 chicken nuggets on my plate. I ate some and now I have 4 left. How many chicken nuggets did I eat?"
- Play a greater than, less than, or equal to game. Collect a small pile of objects. Split the objects into two groups. Say an equation to represent the groupings of objects. For example, "16 is greater than 14."

Por favor de escoger 2 actividades diario.

- Contar hasta 100.
- Contar de a 2 hasta 100. (2,4,6)
- Contar de a 5 hasta 100. (5,10,15)
- Contar de a 10 hasta 100. (10, 20, 30)
- Contar de a 20 hasta 100. (20,40,60)
- Jugar un juego. Identificar un número que es uno más/ uno menos, diez más/ diez menos cuando un familiar te de un número. Por ejemplo, 15, cual es un número más que 15, 16.
- Dibujar una línea y contar hacia adelante y hacia atrás comenzando con cualquier número.
- Jugar un juego de suma. Encuentre un grupo pequeño de artículos como cereal, juguetes, o centavos. Divida los objetos en 3 grupos. Diga o escriba una oración numérica para representar los objetos. Por ejemplo, "Yo tengo 16 monedas. Puedo dividirlas en 3 grupos de 5, 7, y 4.  $5+7+4= 16$ "
- Crear y hacer una solución de suma o resta sobre cosas diarias. Por ejemplo, Si tengo 8 pedacitos de pollo, me como unos. Ahora solo tengo 4. ¿Cuantos pedacitos de pollo me comí?
- Jugar un juego comparando signos de mayor que, menor que, o igual que. Encontrar objetos y dividir en los grupos de 2. Diga una oración como, 16 es mayor que 14.

Day 13- Complete 2-word problem sheets. Completar la historia de problemas.

Day 14- Complete 2-word problem sheets. Completar la historia de problemas.

Day 15-Complete tens and ones sheet. Completar hoja de decenas y unidades.

Day 16- Complete tens and one sheet and I spy shapes sheet. Completar la hoja de decenas y unidades. También la hoja de la figura.

Day 17-Count me Pot of Gold (Practice drawing dimes or pennies to match the number on the pot of gold.) Practica dibujando monedas de diez y centavos (1) para que sea igual al número en la ollita.

Day 18- Count me Pot of Gold (Practice drawing dimes or pennies to match the number on the pot of gold.) Practica dibujando monedas de diez y centavos (1) para que sea igual al número en la ollita.

Day 19- Count me Pot of Gold (Color the dimes or pennies to match the number on the pot of gold.) Colorea las monedas de diez y un centavo para que sean igual al número en la ollita.

Day 20- Number bonds worksheet. Find numbers that make a friendly ten. Completa la hoja de bonos numéricos que hacen 10, por ejemplo 5+5, 7+3.

# Woodside News! Staying Sharp!

## Science & Social Studies

**Day 1 – Social Studies: What is a Community?** List words that describe a community. See some definitions below.

**Dia 1-Estudios sociales: Que es una comunidad?** Haga una lista que describa una comunidad. Mire algunas definiciones en la lista de abajo.

**Vocabulary:**

community/ comunidad	A place where people live, work or have fun together.  Un lugar donde las gente vive, trabaja, o disfruta junta.
responsibility/ responsabilidad	A duty or job.  Un deber o trabajo.
role/ papel -modelo	the job or purpose of a person or thing  El trabajo, propósito de una persona o cosa.

**Day 2 – Social Studies: What is a Community?** Create a list of community workers. (ex. police officers, firefighters, etc.)

**Dia 2 - Estudios Sociales: Que es una comunidad?** Cree una lista de trabajadores de la comunidad. Por ejemplo: policía, bomberos, maestros, etc.

**Day 3 – Social Studies: What is a Community?** Discuss 3 community workers from “My Family and Other Families, Now and Long Ago”

**Dia 3- Estudios Sociales: Que es una comunidad?** Que es una comunidad? Analyze 3 trabajadores de la comunidad de mi familia o otras familias de hoy en dia y de antes.

**Day 4 – Social Studies: What is a Community?** Discuss 3 community workers from “My Family and Other Families, Now and Long Ago”

**Dia 4- Estudios Sociales: Que es una comunidad?** Analyze 3 trabajadores de mi comunidad o otras familias hoy en dia y de antes.

**Day 5 – Social Studies: What is a Community?** Discuss 3 community places from the web provided and who works there.

**Dia 5 - Estudios Sociales: Que es una comunidad?** Analyze primero 3 lugares provistos del internet y enlista quién trabaja ahí.

**Day 6 – Social Studies: What is a Community?** Discuss 3 community places from the web provided and who works there.

**Dia 6 - Estudios Sociales: Que es una comunidad?** Analyze otros 3 lugares de la comunidad provistos del internet y enlista quién trabaja ahí.

**Day 7 – Social Studies: What is a Community?** Color and discuss the job of a police officer from “Community Helpers and Their Jobs”.

**Dia 7 - Estudios Sociales: Que es una comunidad?** Del paquete De Trabajadores de comunidad y sus trabajos, coloree y converse con su hijo(a) acerca del trabajo de un policía.

**Day 8 – Social Studies: What is a Community?** Color and discuss the job of a chef from “Community Helpers and Their Jobs”.

**Dia 8 - Estudios Sociales: Que es una comunidad?** Del paquete De Trabajadores de comunidad y sus trabajos, coloree y converse con su hijo(a) acerca del trabajo de un cocinero.

**Day 9 – Social Studies: What is a Community?** Color and discuss the job of a mail woman from “Community Helpers and Their Jobs”.

**Dia 9 - Estudios Sociales: Que es una comunidad?** Del paquete De Trabajadores de comunidad y sus trabajos, coloree y converse con su hijo(a) acerca del trabajo de la repartidora de cartas.

**Day 10 – Social Studies: What is a Community?** Color and discuss the job of a construction worker from “Community Helpers and Their Jobs”.

**Dia 10 - Estudios Sociales: Que es una comunidad?** Del paquete De Trabajadores de comunidad y sus trabajos, coloree y converse con su hijo(a) acerca del trabajo de un trabajador de construcción.

**Day 11 – Social Studies: What is a Community?** Color and discuss the job of a doctor from “Community Helpers and Their Jobs”.

**Dia 11 - Estudios Sociales: Que es una comunidad?** Del paquete De Trabajadores de comunidad y sus trabajos, coloree y converse con su hijo(a) acerca del trabajo de un doctor.

**Day 12 – Social Studies: What is a Community?** Color and discuss the job of a garbage truck worker from “Community Helpers and Their Jobs”.

**Dia 12 - Estudios Sociales: Que es una comunidad?** Del paquete De Trabajadores de comunidad y sus trabajos, colorea y converse con su hijo(a) acerca del trabajo de un recolector de basura.

**Day 13 – Social Studies: What is a Community?** Color and discuss the job of a firefighter from “Community Helpers and Their Jobs”

**Dia 13 - Estudios Sociales: Que es una comunidad?** Del paquete De Trabajadores de comunidad y sus trabajos, colorea y converse con su hijo(a) acerca del trabajo de un bombero.

**Day 14 – Social Studies: What is a Community?** Color and discuss the job of a teacher from “Community Helpers and Their Jobs”

**Dia 14 - Estudios Sociales: Que es una comunidad?** Del paquete De Trabajadores de comunidad y sus trabajos, colorea y converse con su hijo(a) acerca del trabajo de un maestro.

**Day 15 – Social Studies: What is a Community?** Color and complete “My Book About Communities”.

**Dia 15 - Estudios Sociales: Que es una comunidad?** Coloree y complete el paquete de Mi libro de comunidades.

## **Science/ Ciencia**

***How Can Humans Mimic Plants or Animals to Solve Human Problems?***

***Como los humanos imitan a las plantas o animales para resolver problemas Humanos?***

**Lesson Overview:** Examine the structures of plants and animals and learn how their function helps animals and plants to get what they need to survive. Explore animal structure and function cards and share this information with your parents/families.

**Descripción General:** Examinar las funciones de las plantas y animales, como su función ayuda a resolver a obtener lo que se necesita para sobrevivir. Explore la estructura de los animales junto con las tarjetas de función y comparta esta información con sus padres y familiares.

**Day 1: How Can Humans Mimic Plants or Animals to Solve Human Problems?** What are the different ways that a deer uses its body parts to help it survive? ¿Cuáles son las diferentes formas en que un ciervo usa las partes de su cuerpo para ayudarlo a sobrevivir?

**Day 2: How Can Humans Mimic Plants or Animals to Solve Human Problems?** What are the different ways that an european robin uses its body parts to help it survive? ¿Cuáles son las diferentes formas en que un petirrojo europeo utiliza sus partes del cuerpo para ayudarlo a sobrevivir?

**Day 3: How Can Humans Mimic Plants or Animals to Solve Human Problems?** How does the shape and structure of the plant help them survive and grow (acorn)? ¿Cómo les ayuda la forma y la estructura de la planta a sobrevivir y crecer (bellota)?

**Day 4: How Can Humans Mimic Plants or Animals to Solve Human Problems?** How does the shape and structure of the plant help them survive and grow (blackberry plants)? ¿Cómo les ayuda la forma y la estructura de la planta a sobrevivir y crecer (plantas de mora)?

**Day 5: How Can Humans Mimic Plants or Animals to Solve Human Problems?** What are the different ways that a box turtle uses its body parts to help it survive? ¿Cuáles son las diferentes formas en que una tortuga de caja usa sus partes del cuerpo para ayudarla a sobrevivir?

**Day 6: How Can Humans Mimic Plants or Animals to Solve Human Problems?** What are the different ways that an armadillo uses its body parts to help it survive? ¿Cuáles son las diferentes formas en que un armadillo usa las partes de su cuerpo para ayudarlo a sobrevivir?

**Day 7: How Can Humans Mimic Plants or Animals to Solve Human Problems?** What are the different ways that a chipmunks uses its body parts to help it survive? ¿Cuáles son las diferentes formas en que una ardilla utiliza sus partes del cuerpo para ayudarla a sobrevivir?

**Day 8: How Can Humans Mimic Plants or Animals to Solve Human Problems?** What are the different ways that an elephant uses its body parts to help it survive? ¿Cuáles son las diferentes formas en que un elefante usa las partes de su cuerpo para ayudarlo a sobrevivir?

**Day 9: How Can Humans Mimic Plants or Animals to Solve Human Problems?** What are the different ways that a puffin uses its body parts to help it survive? ¿Cuáles son las diferentes formas en que un frailecillo usa sus partes del cuerpo para ayudarlo a sobrevivir?

**Day 10: How Can Humans Mimic Plants or Animals to Solve Human Problems?** What are the different ways that a honey bee uses its body parts to help it survive? ¿Cuáles son las diferentes formas en que una abeja utiliza sus partes del cuerpo para ayudarla a sobrevivir?

**Day 11: How Can Humans Mimic Plants or Animals to Solve Human Problems?** How does the shape and structure of the plant help them survive and grow (bromeliad)? ¿Cómo les ayuda la forma y la estructura de la planta a sobrevivir y crecer (bromelia)?

**Day 12: How Can Humans Mimic Plants or Animals to Solve Human Problems?** What are the different ways that a beaver uses its body parts to help it survive? ¿Cuáles son las diferentes formas en que un castor usa las partes de su cuerpo para ayudarlo a sobrevivir?

**Day 13: How Can Humans Mimic Plants or Animals to Solve Human Problems?** What are the different ways that a penguin uses its body parts to help it survive? ¿Cuáles son las diferentes formas en que un pingüino usa las partes de su cuerpo para ayudarlo a sobrevivir?

**Day 14: How Can Humans Mimic Plants or Animals to Solve Human Problems?** How does the shape and structure of the plant help them survive and grow (dandelion)? ¿Cómo les ayuda la forma y la estructura de la planta a sobrevivir y crecer (diente de león)?

**Day 15: How Can Humans Mimic Plants or Animals to Solve Human Problems?** How does the shape and structure of the plant help them survive and grow (burdock plant)? ¿Cómo les ayuda la forma y la estructura de la planta a sobrevivir y crecer (planta de bardana)?

**Day 16: How Can Humans Mimic Plants or Animals to Solve Human Problems?** Pick which animal or plant you are most interested in and using your animal/plant card, fill out the function chart. Elija qué animal o planta le interesa más y, utilizando su tarjeta de animal / planta, complete la tabla de funciones.

write.

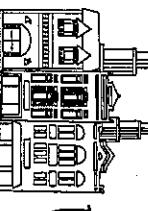

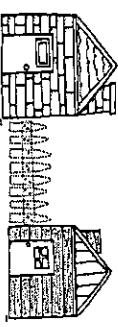

# MY BOOK ABOUT COMMUNITIES

Just Remember

Suburban

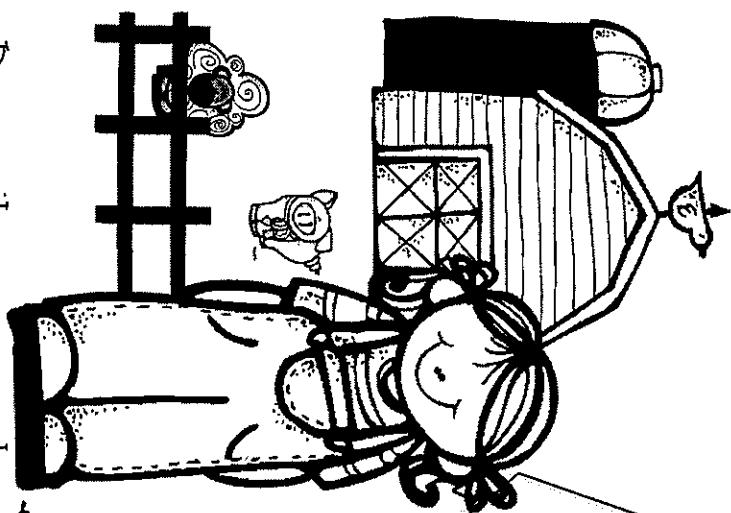

Urban

# RURAL COMMUNITY

## TABLE OF CONTENTS

Rural Community	pg. 2-3
Suburban Community	pg. 4-5
Urban Community	pg. 6-7
Human Characteristics	pg. 8
Physical Characteristics	pg. 9
The Ideal Community	pg. 10

Hey y'all! My name is Farmer Jill. I live in a rural community. Sometimes people say that I live out in the country. In my community we have a few houses with a lot of land around our homes. We also have farm animals, fields, and gardens. It is usually pretty quiet in our community, since my neighbors live so far away. Because we live so far away from the city, we must take a nice drive into town to go to the store.

Describe a rural community:

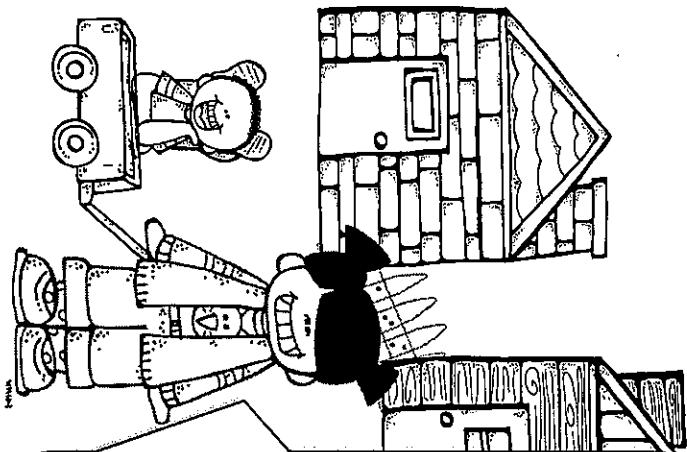

Looks like...	Sounds like...

# PICTURE THIS

## SUBURBAN COMMUNITY

### RURAL COMMUNITY

Based on the information from Farmer Jill,  
draw a rural community.

Hello, there.

My name is Shelly and this is my son, Charlie. We live in a suburban community. Today we are headed to a play date at our neighbor's house. Our community is pretty big. My neighbors live close by, so close we can just walk to their house. We don't have a lot of land around our house, but have a backyard and neighborhood park that Charlie loves playing at. Thankfully, we have several stores around our house so we don't have to drive too far. My husband James works as an accountant in the city though so he must take a little longer drive to work.

Describe a suburban community:

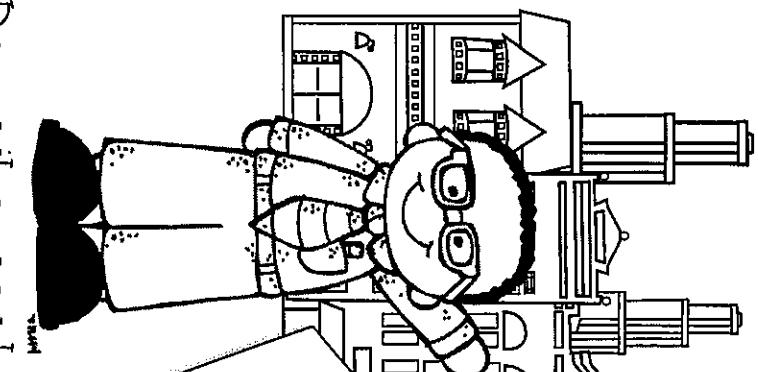

Looks like...	Sounds like...

# PICTURE THIS

## URBAN COMMUNITY

### SUBURBAN COMMUNITY

Based on the information from Shelly, draw an urban community.

Hello, Hello! My name is George. I live in the Urban community and am always on the go. Some people call me a "City Slicker," but I'm just your ordinary guy. When you live in a BIG city like I do, you have to walk a lot of places. If you don't walk and you decide to drive you can sometimes be stuck in traffic for hours. The buildings in the city are very tall, people call them skyscrapers because they are so close to the sky. My neighbors are all very kind and friendly, but I wish I had more space between my apartment and their. It can sometimes get noisy, since I can hear their TV and babies cry through the walls. I also wish that I could take my daughter, Gina, out to play in the backyard, but since the buildings are so close together, we don't have a backyard. If we want to play outside and see trees we must go to the park.

Describe an urban community:

Looks like...	Sounds like...

# PICTURE THIS

# HUMAN CHARACTERISTICS

Human characteristics describe the way people look, how they dress, and what they do for fun.

Use the space below to list for human characteristics each community.

Community	Human Characteristics
Rural	
Urban	
Suburban	

Based on the information from George, draw an urban community.

# URBAN COMMUNITY

# PHYSICAL CHARACTERISTICS

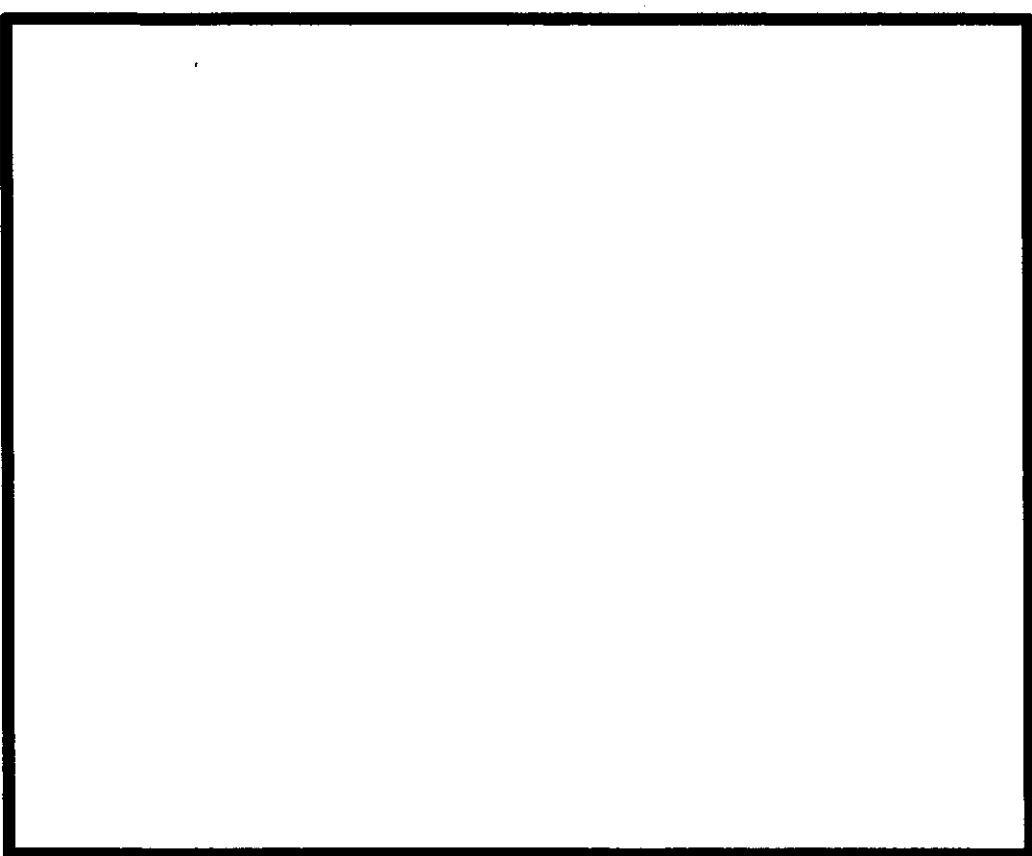

Physical characteristics describe the buildings and plants, the way things look.

Use the space below to list for physical characteristics each community.

Community	Physical Characteristics
Rural	
Urban	
Suburban	

# IDEAL COMMUNITY

Think about the three communities we have learned about. Pick the community you would like most to live in. Draw a picture of the community you have picked.

Name: \_\_\_\_\_

# 3 TYPES OF COMMUNITIES

I live in a \_\_\_\_\_ type of community.  
I know this because: \_\_\_\_\_

Use the space below to illustrate each type of community. Then write two or three things you learned about each community.

Rural	Suburban	Urban

What I know about a rural community:	What I know about a suburban community:	What I know about an urban community:

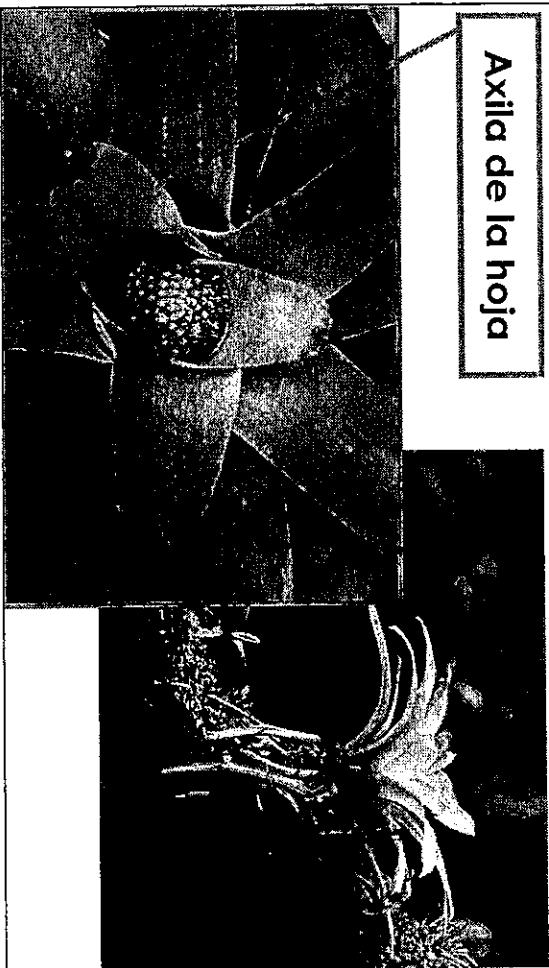

**Frailecillo**

pico

**Bromelia**

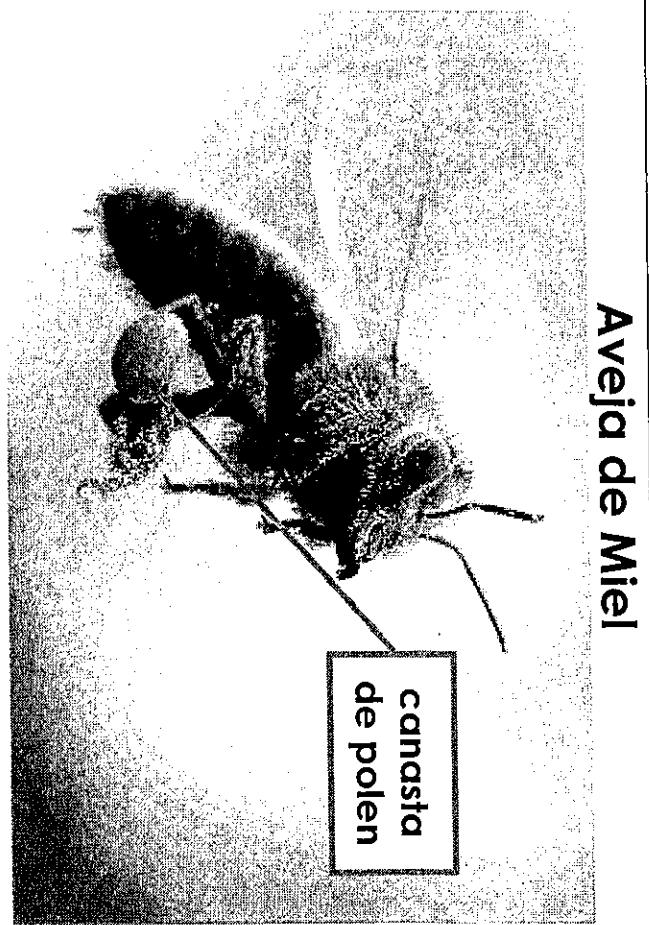

pelaje

**Castor**

canasta  
de polen

**Aveja de Miel**

## **Bromelia**

Las bromelias tienen hojas especiales llamadas axilas de las hojas que forman un tanque o recipiente para recolectar agua y nutrientes que pueden usar durante muchos días.

## **Castor**

Los castores tienen pieles especiales para protegerlos en agua fría. Los pelos finos y cortos ayudan a mantenerlos calientes, y las pieles más largas son grases para mantener el agua afuera.

## **Frailecillo**

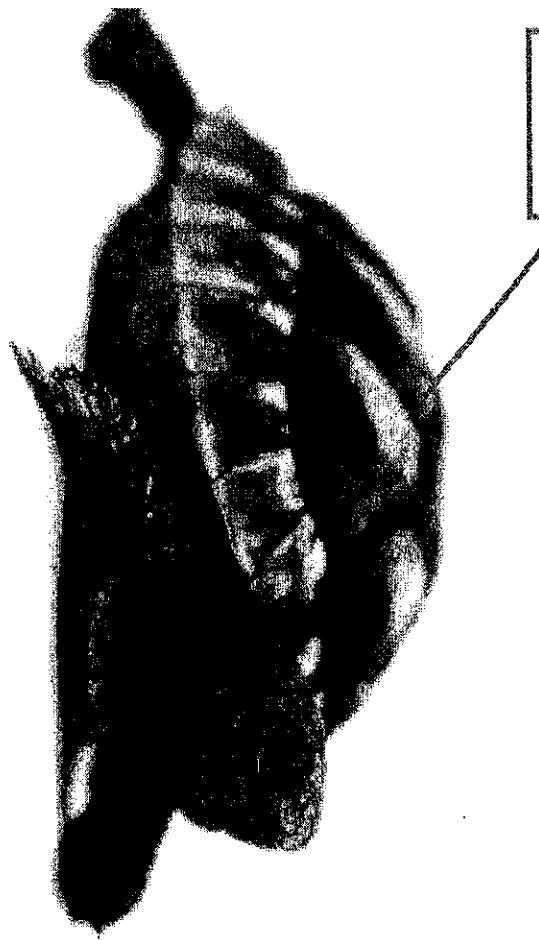

Los frailecillos tienen un pico especial que ayuda a aferrarse a muchos peces a la vez. Empuja su lengua contra la parte superior de su pico acanalado como una abrazadera.

## **Avejas de Miel**

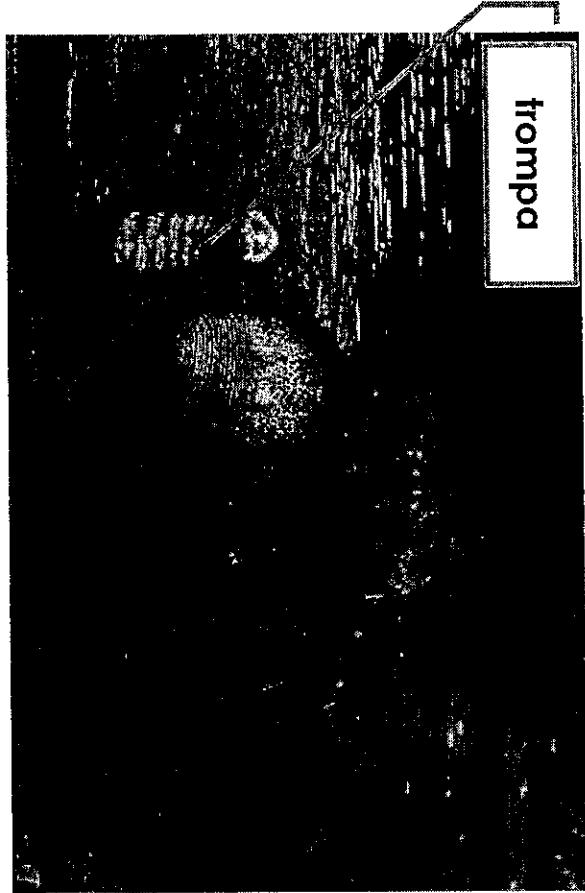

Las abejas tienen una canasta de polen en el costado de sus patas donde recolectan el polen de las flores. Una abeja usa polen como alimento para su descendencia.

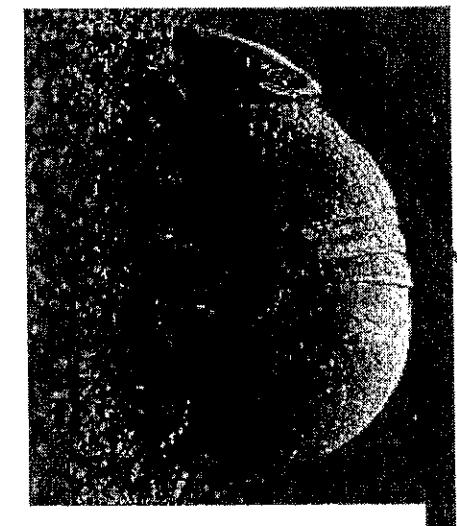

Ardilla listada

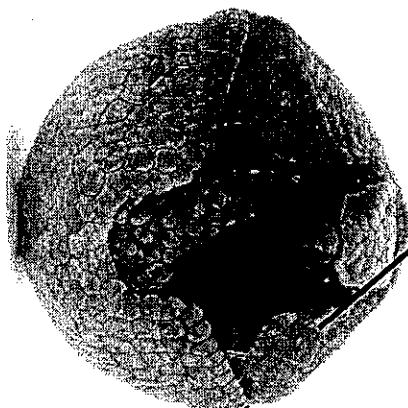

Tortuga de caja

Elefante

Armadillo  
placas de armadura

## **Ardilla listada**

Las ardillas listadas tienen bolsas dentro de sus bocas. La bolsa va desde la boca hasta el hombro para guardar la comida y llevarla a casa.

## **Elefante**

Los elefantes tienen troncos largos en el frente de sus cabezas. Cuando nadan, los usan para respirar.

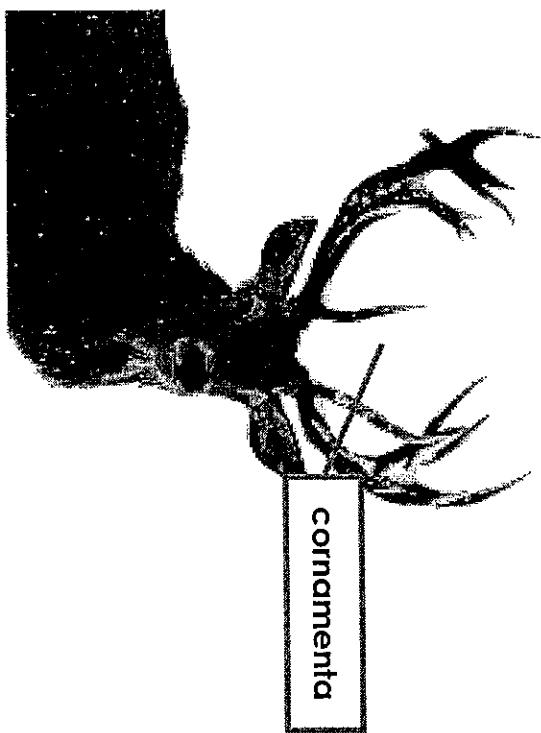

## **Armadillo**

Un armadillo de tres bandas tiene placas duras y blindadas que cubren parte de su cuerpo blando. Cuando el armadillo tiene miedo, puede enrollarse en una pelota.

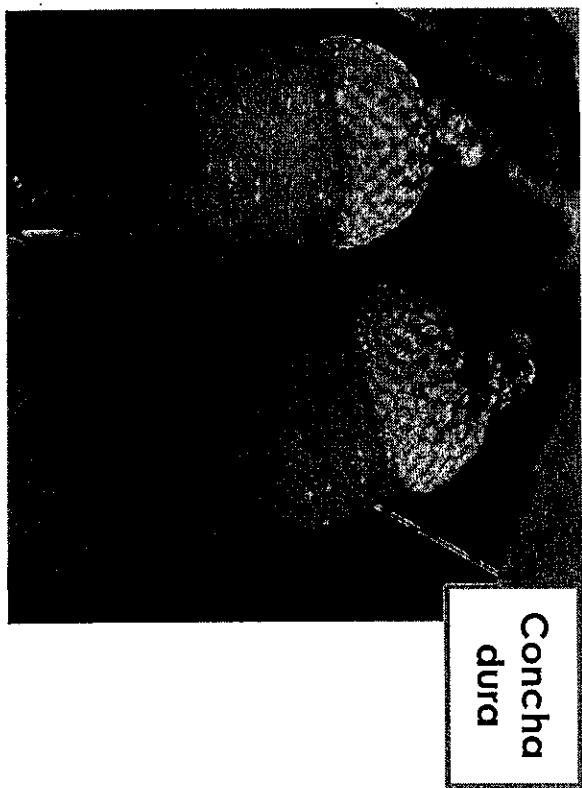

## **Tortuga de caja**

Las tortugas de caja tienen conchas duras que cubren sus cuerpos blandos. Pueden poner sus cabezas, extremidades y colas en sus caparazones para esconderse de los depredadores.

Venado

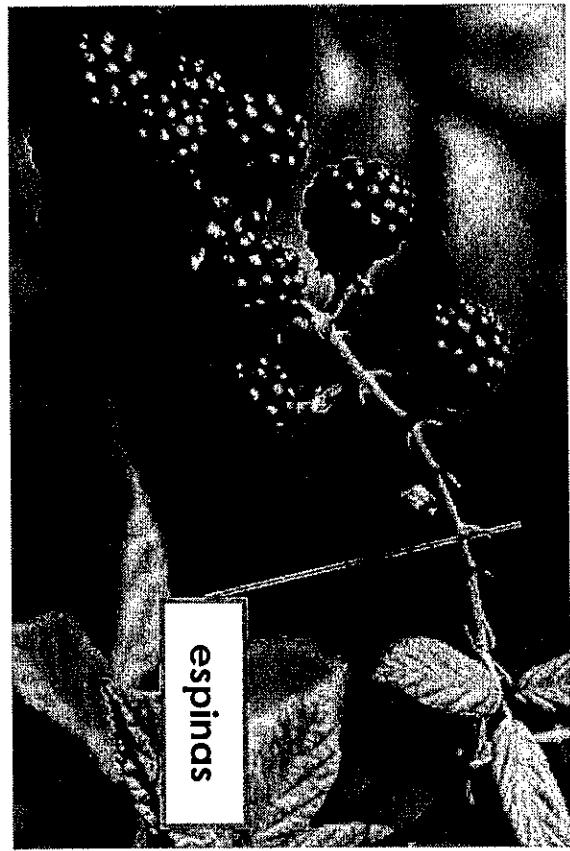

Bellota

Robin Europeo

Planta de Blackberry

## **Planta de Blackberry**

Las plantas de Blackberry tienen espinas (a veces erróneamente llamadas espinas) Estas espinas son muy agudas y pueden rasgar a través de la tela, la piel y el pelaje. Esta habilidad evita que los animales la coman.

## **Bellota**

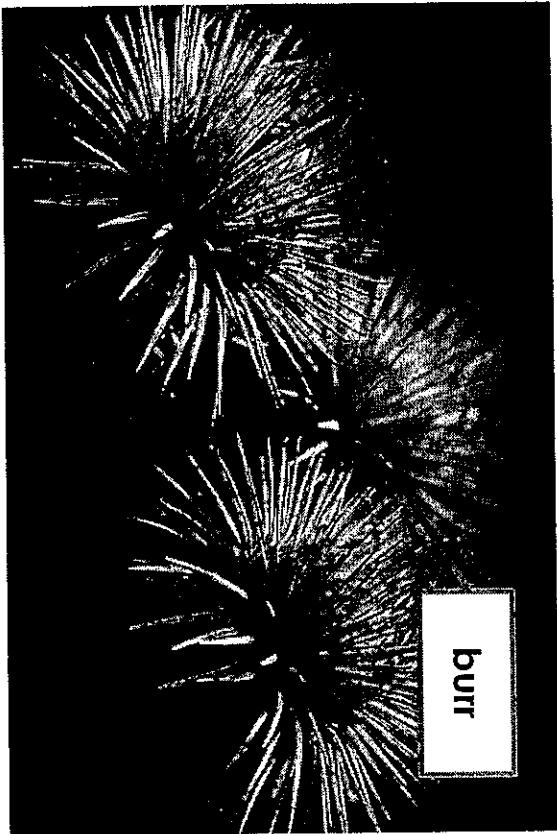

Las bellotas tienen una cáscara externa dura que rodea la semilla suave dentro. Esta cáscara cubre la semilla tierna cuando la bellota cae de un árbol.

## **Robin Europeo**

Las alas de Robin están hechas de plumas. La estructura de las alas les ayuda a volar a través del aire para que los pájaros puedan escapar de los depredadores, encontrar comida o trasladar su ubicación cuando hace demasiado frío.

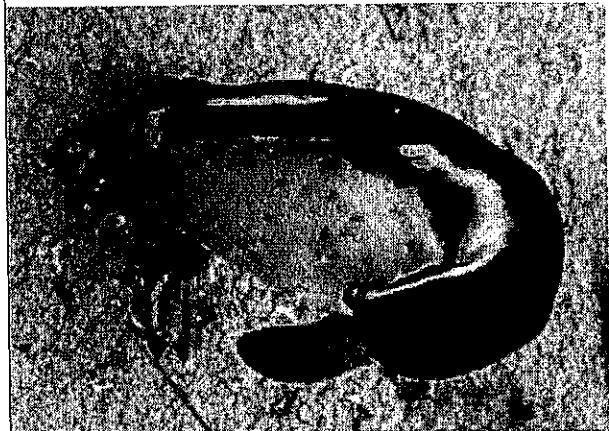

## **Venado**

Los ciervos machos tienen cuernos afilados y duros hechos de hueso en sus cabezas. Ellos están acostumbrados a defenderse.

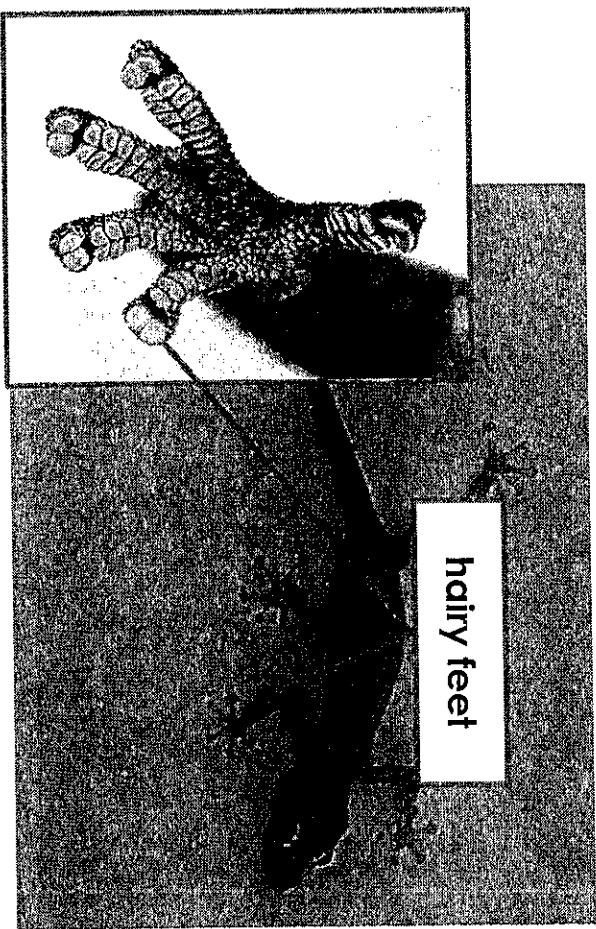

Burdock Plant

burr

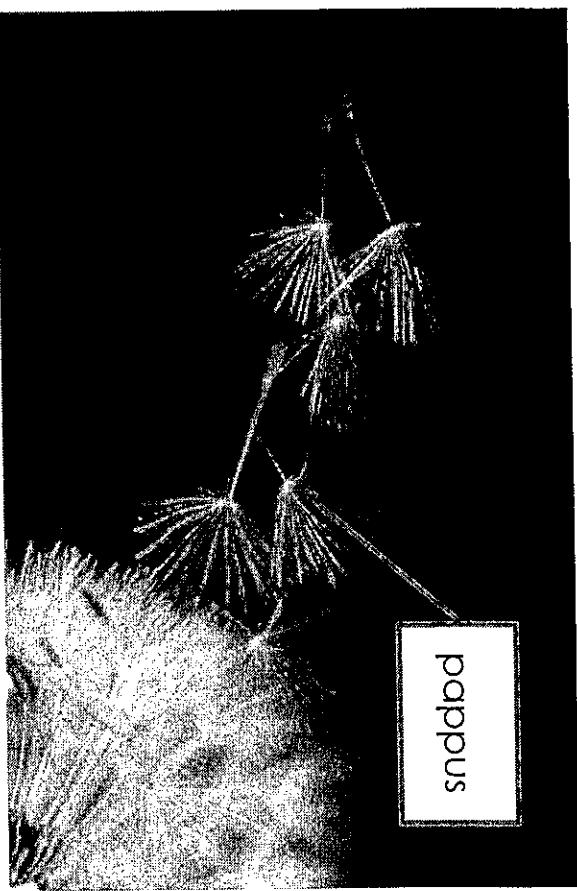

Penguin

webbed  
feet

Gecko

hairy feet

Dandelion

pappus

## **Planta de bardana**

Las plantas de bardana tienen cajas de semillas llamadas rebabas. Las rebabas tienen pequeños ganchos que les permiten aferrarse a los animales y la ropa. Esta habilidad ayuda a separar sus semillas.

## **Geckos**

Los gecos tienen muchos pelos diminutos en sus pies que los ayudan a agarrar superficies lisas. Estos pelos son muy pequeños y difíciles de ver. Esta habilidad les permite escalar a la seguridad rápidamente.

## **Pingüino**

Los pingüinos tienen pies palmeados o pliegues de piel entre los dedos de los pies. En el agua, utilizan sus pies para frenar y maniobrar mientras bucean y nadan. Esta habilidad les ayuda a moverse rápidamente en el agua para mantenerse a salvo y atrapar.

## **Diente de león**

Las semillas de diente de león tienen la parte superior hecha de pelos esponjosos llamados pappus. Estos pelos ayudan a la semilla a flotar cuando sopla el viento para que los dientes de león puedan esparcir sus semillas.

**Científico:**

Grado 1 Unidad 3 - Lección 8

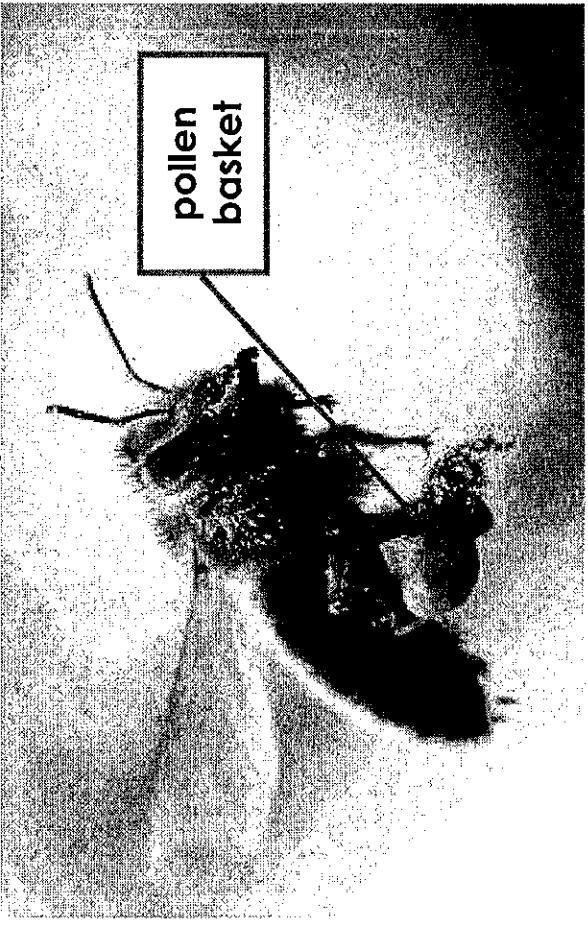

Complete la tabla con las observaciones que puede hacer de su tarjeta de animal o planta.

**Figura de estructura y función animal / vegetal**

Nombre de animal/planta	Nombre de la parte externa (estructura)	Función (trabajo)
Dibujar Animal / Planta	Dibujar una parte externa	(Un círculo)
		Mover de un lugar a otro Protegerse Llevar comida Lleva agua Obtener o mantener el aire (Respirar)

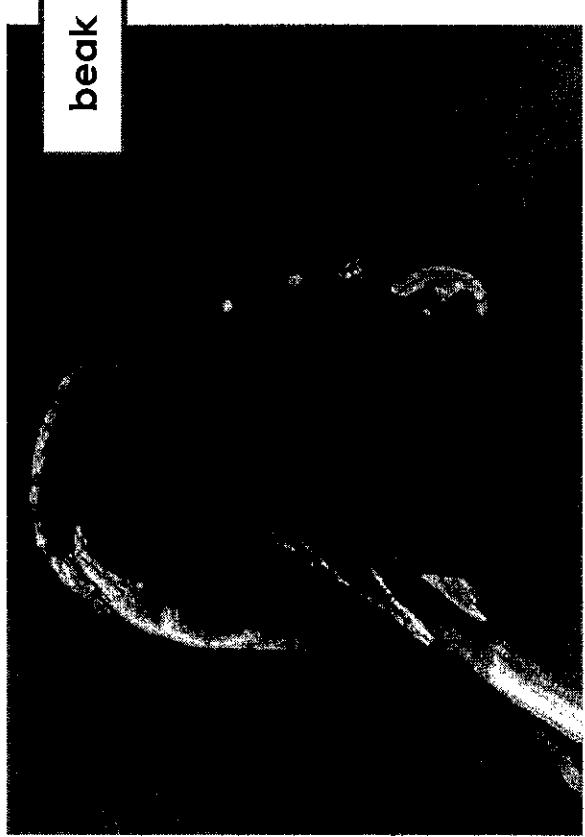

**Honey Bee**

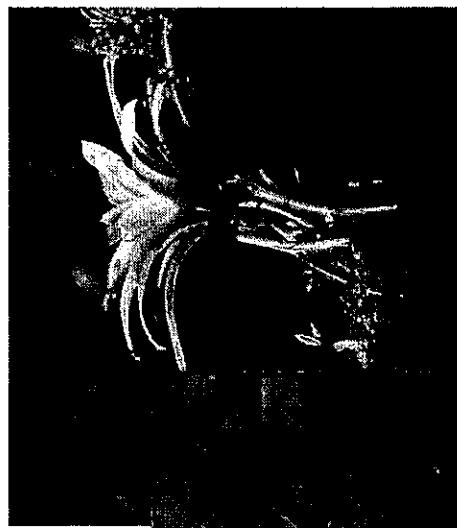

**Beaver**

**Puffin**

**Bromeliad**

## **Bromeliad**

Bromeliads have special leaves called leaf axis that form a tank or bowl to collect water and nutrients it can use over many days.

## **Beaver**

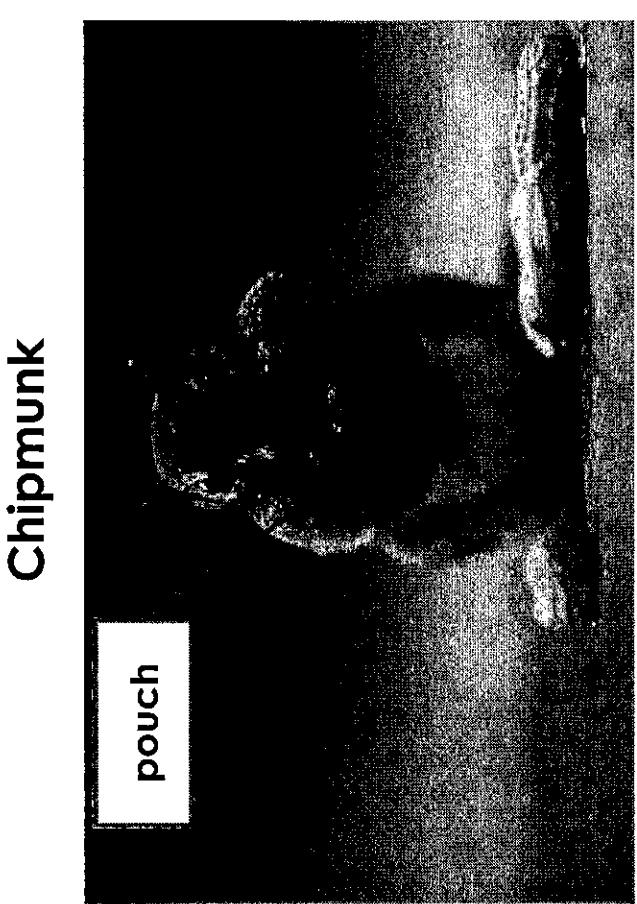

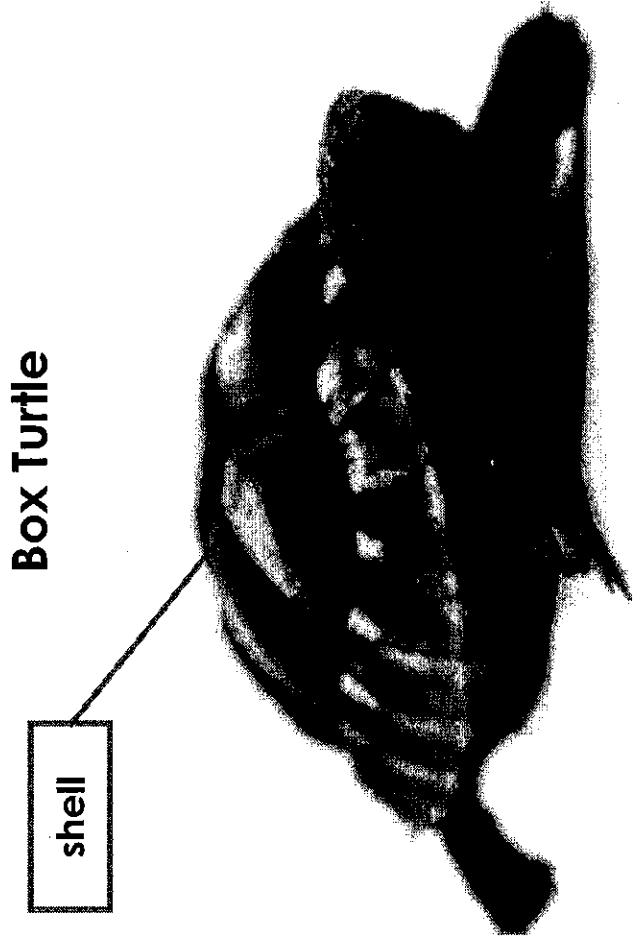

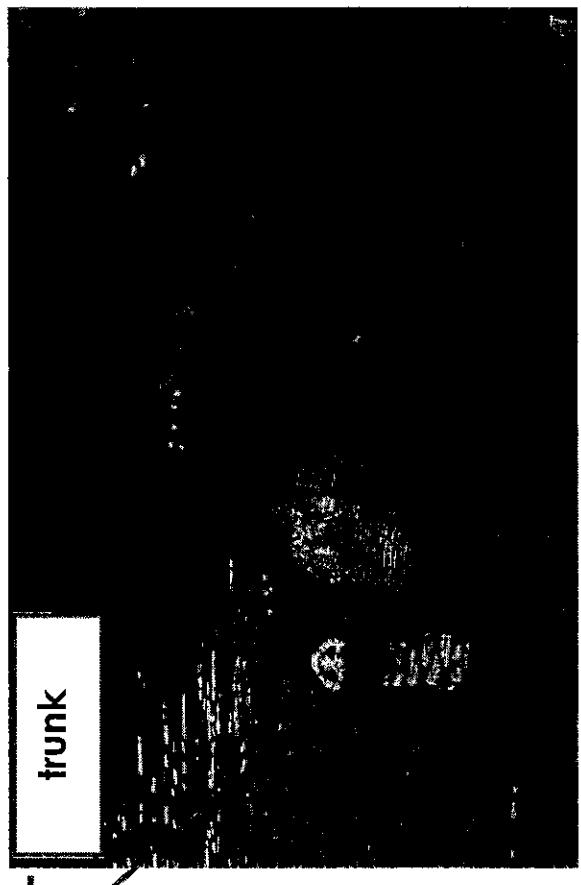

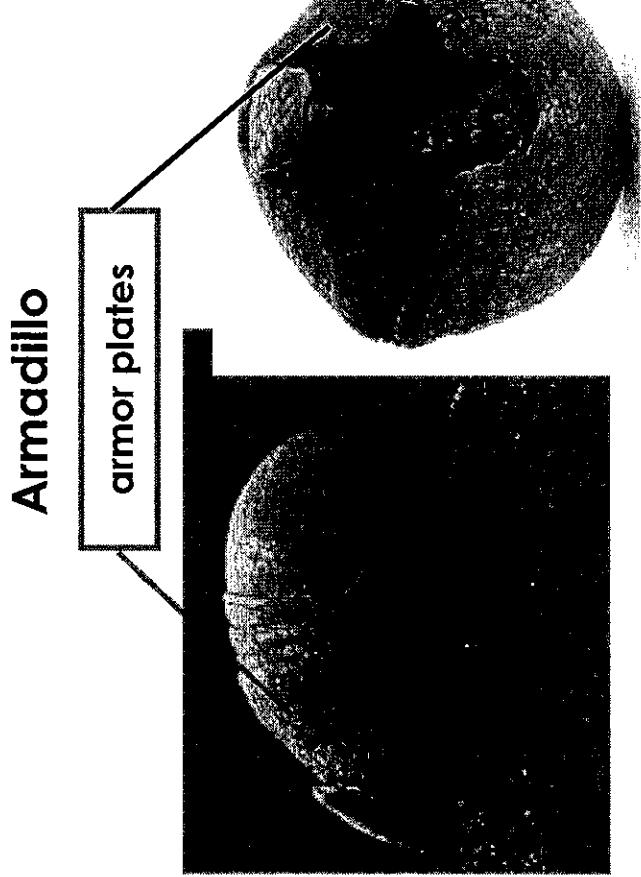

Beavers have special fur to protect them in cold water. The short fine hairs help keep them warm, and the longer furs are oily to keep water out.

## **Puffin**

Puffins have a special beak that helps hold on to many fish at once. It pushes its tongue against the top part of its grooved beak like a clamp.

## **Honey Bee**

Honey bees have a pollen basket on the side of their legs where to collect pollen from flowers. A bee uses pollen as food for their offspring.

# **Chipmunk**

Chipmunks have pouches inside their mouths. The pouch goes from their mouth to their shoulder to store food to take home.

# **Elephant**

Elephants have long trunks on the front of their heads. When they swim, they use them to breathe.

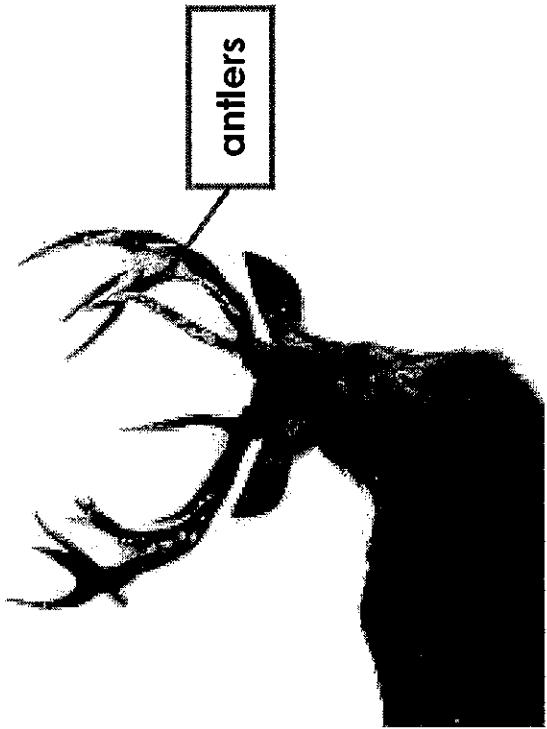

# **Box Turtle**

Box turtles have hard shells that cover their soft bodies. They can pull their heads, limbs, and tails into their shells to hide from predators.

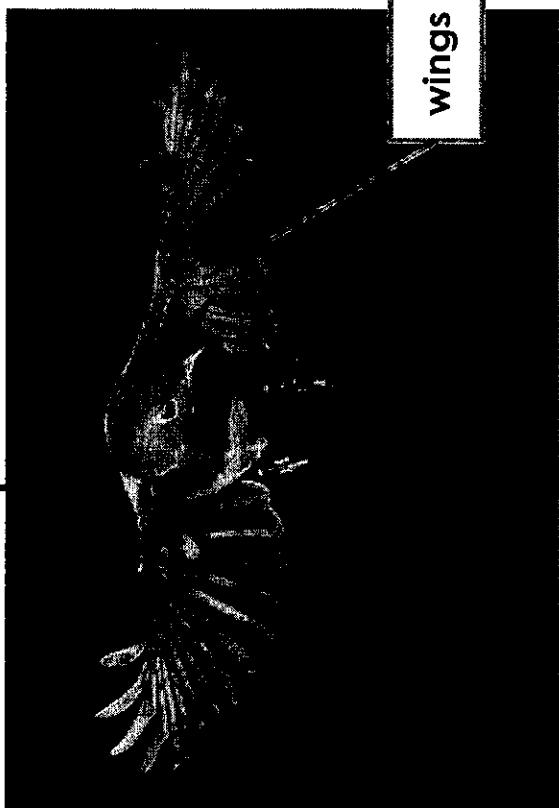

# **Armadillo**

A three-banded armadillo has hard, armored plates covering part of its soft body. When the armadillo is scared, it can roll-up in a ball.

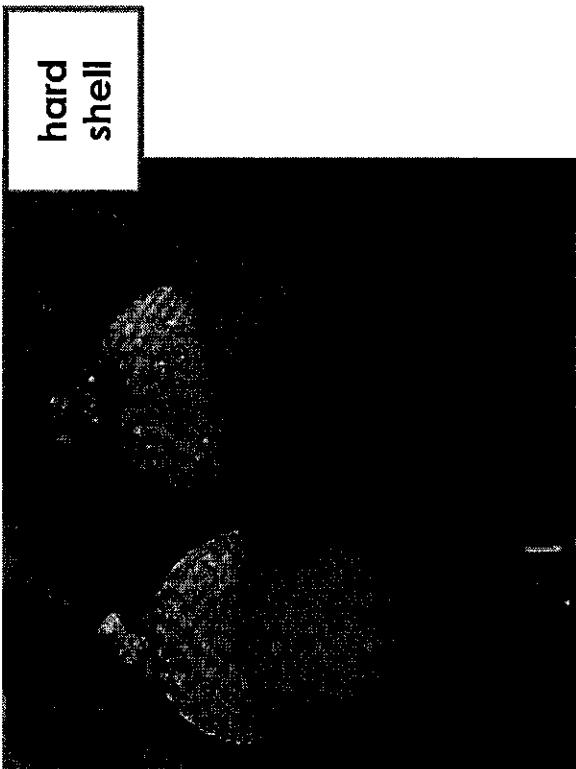

**Deer**

**European Robin**

**Acorn**

**Blackberry Plant**

## **Acorn**

Acorns have a hard outer shell that surrounds the soft seed inside. This shell covers the tender seed when the acorn falls from a tree.

## **Blackberry Plant**

Blackberry plants have prickles (sometimes mistakenly called thorns) These prickles are very sharp and can tear through cloth, skin, and fur. This ability prevents animals from eating it.

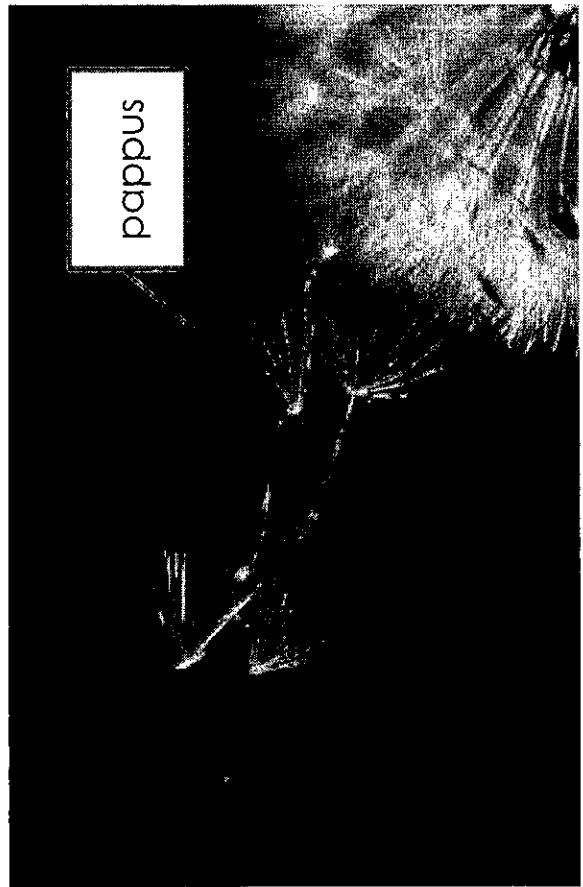

## **Deer**

Male deer have sharp, hard antlers made of bone on their heads. They are used to defend themselves.

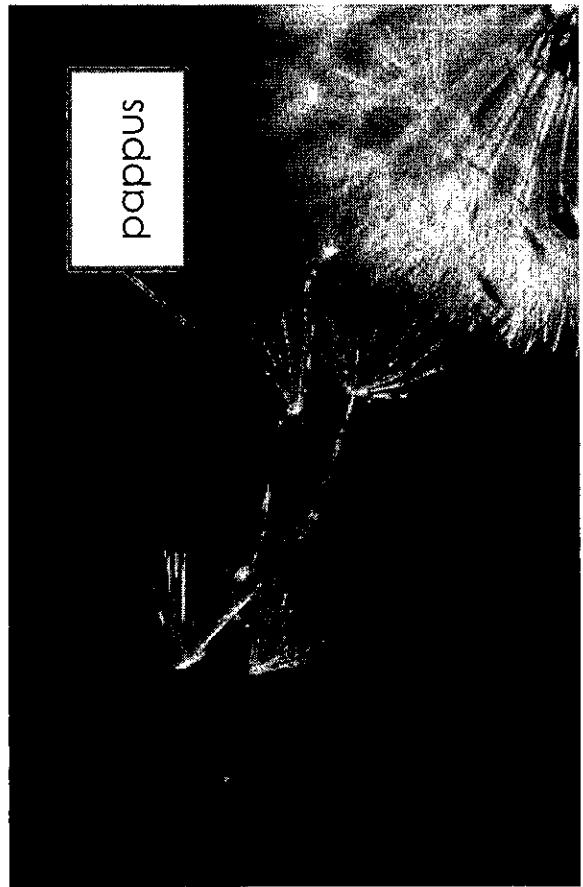

## **European Robin**

Robin wings are made of feathers. The structure of the wings helps them fly through the air so birds can escape predators, find food or move location when it gets too cold.

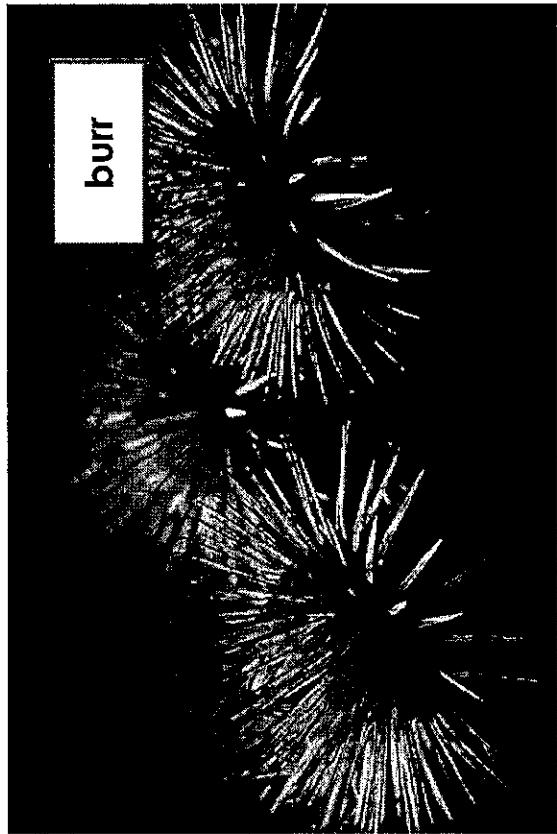

**Penguin**

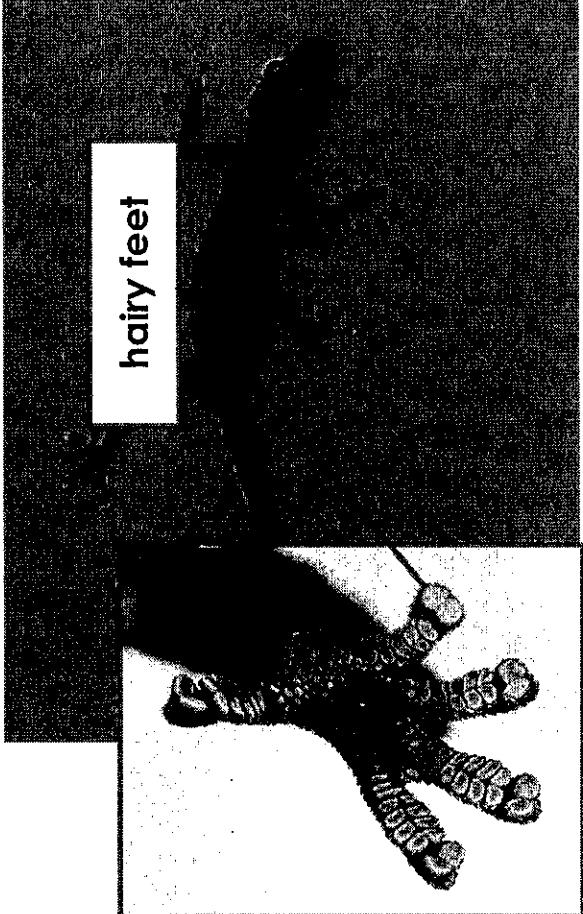

**Dandelion**

**Burdock Plant**

**Gecko**

## **Burdock Plant**

Burdock plants have seed cases on them called burrs. The burrs have tiny hooks on them that allow them to cling on to animals and clothing. This ability helps to spread their seeds.

## **Geckos**

Geckos have many tiny hairs on their feet that help them grip smooth surfaces. These hairs are very tiny and hard to see. This ability allows them to climb to safety quickly.

## **Penguin**

Penguins have webbed feet or folds of skin between their toes. In the water, they use their feet for braking and steering as they dive and swim. This ability helps them move quickly in the water to keep safe and catch fish.

## **Dandelion**

Dandelion seeds have tops made from fluffy hairs called a pappus. These hairs help the seed float when the wind blows so that dandelions can spread their seeds.

**Scientist:****Grade 1 Unit 3 - Lesson 8**

Fill out the chart with observations you can make from your animal or plant card.

**Animal/Plant Structure and Function Chart**

Animal/Plant Name	External Part Name (structure)	Function (job)
		(Circle one)

**Move from place to place**

**Protect themselves**

**Carry food**

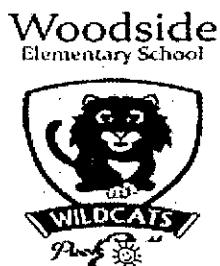

**Carry water**

**Get or Hold Air  
(Breathe)**

April – The Dot by Peter H. Reynolds - Courage and Perseverance  
<https://www.youtube.com/watch?v=vKCsqbiCx8E>

Woodside teaches the attributes of good citizenship, kindness and community through the use of mentor texts. Each month a theme is selected and a mentor text is chosen to support the theme. Teachers read the books to their students and create activities throughout the month to support the dialogue and reinforce these very important hallmarks of fundamental beliefs with our students.

Woodside enseña los atributos de buena ciudadanía, amabilidad y comunidad mediante el uso de textos de mentores. Cada mes se selecciona un tema y se elige un texto de mentor para apoyar el tema. Los maestros leen los libros a sus alumnos y crean actividades durante todo el mes para apoyar el diálogo y reforzar estas características importantes de las creencias fundamentales con nuestros alumnos.
